Notice: Power Outage Announcement

Subject: **Due to replacement and maintenance of 2023 high and low voltage equipment, there will be no power service during the following maintenance periods.**

Time of power outage: **From 8:00 am to 5:00 pm**

Affected Areas:

August 20(Sunday) : Hsiang-Feng main substation(祥豐): College of Life Sciences、Fisheries Science Building、General Purpose Building 1、Dept. of Marine Environmental Informatics、Institute of Food Safety and Risk Management Building、Operations Center of University-industry Collaboration、Institute of Marine Environment and Ecology、Aquaculture Center、NTOU History Museum、Marine Science Building A、Marine Science Building B、Marine Science Building C、Men's Dorm 1、Women's Dorm 1、1st Restaurant、FamilyMart、Bachelor Degree Program in Oceanic Cultural Creative Design Industries、General Purpose Building 3、Food Engineering Building、Dept. of Food Science、Terrestrial Animal Experimental Center。

Description:

1. The operation of the substation on the day requires outage time. If the project is completed ahead of schedule, power will be delivered earlier. However, in the event of special difficulties, power delivery may be delayed without notice.
2. To avoid power surge damage to electrical equipment when power is restored, please turn off the electric equipment and unplug the socket by yourself.
3. Please prepare your own power supply. Your understanding and cooperation are highly appreciated.
※ Please direct your questions to Mr. Kai-Luen Chiou at the Division of Administrative Matters, Office of General Affairs (ext.1127). Thank you.
