

National Taiwan Ocean University

Notice: Power Outage Announcement

Subject: **Due to replacement and maintenance of 2023 high and low voltage equipment, there will be no power service during the following maintenance periods.**

Time of power outage: **From 8:00 am to 5:00 pm**

Affected Areas:

August 5(Saturday) : Seashore main substation(濱海): Large Cavitation Tunnel Laboratory、Harbor and River Engineering Building 2、Ocean Engineering Laboratory、Harbor and River Engineering Building 1、Dept. of Systems Engineering and Naval Architecture、College of Engineering、3rd Restaurant、Electrical Engineering Building 1、Electrical Engineering Building 2、Dept. of Computer Science and Engineering、Aquatic Animal Center、Cultivation Center for Aquatic Organisms、Taiwan Algae Research Center、Acoustics Laboratory Center、Electrical Engineering and Computer Science Building、Student Activity Center、Gymnasium、Hai-Kong Building、National Open University、Dept. of Shipping and Transportation Management、Sports Center、Men's Dorm 2、Men's Dorm 3 and Women's Dorm 2、2nd Restaurant、FamilyMart、Yen-Ping Technology Building。

Description:

1. The operation of the substation on the day requires outage time. If the project is completed ahead of schedule, power will be delivered earlier. However, in the event of special difficulties, power delivery may be delayed without notice.
2. To avoid power surge damage to electrical equipment when power is restored, please turn off the electric equipment and unplug the socket by yourself.
3. Please prepare your own power supply. Your understanding and cooperation are highly appreciated.
※ Please direct your questions to Mr. Kai-Luen Chiou at the Division of Administrative Matters, Office of General Affairs (ext.1127). Thank you.
